

Spike Clarifications

1. One of the Fruit commodity cards has two of the payout amounts reversed. The payout for Fargo should be \$21; New Orleans should be \$11.
2. Note that there are tiebreakers in the rules, which are used in TGA play.
3. **NEW FINALS FORMAT FOR 2018:** There will be no semi-final round. All qualifiers will play in a *TWO-GAME* final, with seating order reversed for the second game. A player's score for each game will be the PERCENTAGE of their score compared to the winner's score (each winner will score 100 points). A player's overall score for the final is the total of their two game scores.
